WELCOME TO DIPIKAR ISLAND!

WWF just recently habituated a group of Lowland Gorillas known as the **AKIBA GROUP.**

Here are some Biosecurity and Biosafety Standards that are being Implemented to track and view the Gorillas:

- Visitors should have been Vaccinated **against COVID-19, Tuberculosis, Yellow fever, Poliomyelitis, and Hepatitis B!**
- Visitors should be prepared to spend a minimum of 2 days, on site (i.e Camp) to **enjoy Tracking and viewing the Gorillas**
- Each tracking group of Tourists/Visitors should comprise a maximum of 3-4 Persons, **to avoid stressing the animals**
- A Maximum of 1 hour is acceptable being with the Gorillas, to avoid any risks of stressing of the Gorillas. Any Group of 8 Persons should please be split into 2. The first group of 4 on day 1 and second group of 4, day 2.
- Hiking Gear such as **Baseball Caps, long sleeved-Attire, Rain-coats, Rain boots**, are highly recommended to **protect the body against Sunburn, rain and hiking in Marshy areas** of the Forest.
- The Gorillas of the AKIBA GROUP are currently roaming the Camp Couscous area, far away from the main Gorilla Habituation Camp; which has **fairly Comfortable Accommodation facilities**. Therefore, **visitors should be prepared to sleep in make-shift Tents**.
- WWF may provide free 2 Place and 4 Place Tents, sleeping mats and bedsheets on request. However, visitors who wish to sleep in 1 Place Tents should feel free to come along with theirs!
- With regards to any Financial Aspects, kindly discuss it with the staff of the **MINISTRY OF FORESTS AND WILDLIFE (MINOF) in Charge of Tourism and Leisure situated in CAMPO MA'AN National Park**
